# MYLIA SANGRÍA

*luscious fruit flavors*

The MYLIA blend is comprised of ingredients carefully selected from individual producers throughout Spain. It begins with the vinification of perfectly ripened grapes from vineyards planted to Tempranillo and Garnacha. The wine's lush fruit qualities are enhanced by the addition of concentrated must from the freshly pressed grapes, providing natural fruit sugar. Artesian springs are the sole source of water for MYLIA.

The orange flavors and essence are procured from a grower in the region of Catalonia. Touches of natural cherry, peach, lemon and cinnamon, from a specialized producer in Valencia, provide stylish notes that complement the luscious fruit flavors.
